Dear Terry

FRANCESCA CARDONE

I have pleasure in introducing my student, Francesca Cardone with the view of her giving a recital at Jacques Samuel Pianos.

A highly intelligent musician with a very attractive and sincere personality, her innate musical talent is evident in her playing. She possesses a wide ranging repertoire and can offer several well-balanced programmes. Francesca's phrasing and tonal command of the piano always contribute towards a convincing, expressive performance and she interprets works of different styles with professional logic and imagination.

I wholeheartedly recommend her as a worthy participant in your series.

With best wishes,

Yours sincerely
